KTS Tech

CAPABILITY STATEMENT
NORFOLK, VIRGINIA

KTS Tech (Key to Success Technologies) builds and launches web apps, mobile apps and AI automations, and tests them to federal standards. Our founder brings 20+ years of DoD, NATO, federal and enterprise delivery and an active DoD Secret clearance.

CORE COMPETENCIES

- Custom web & mobile app development
- AI automation & agent workflows
- Software test & release QA
- Program & project management (PMP, SAFe)
- Section 508 accessibility
- Civic data dashboards & public-records tools
- Training: IT fundamentals, PMP & Product Owner
- Documentation: CONOPS, SOPs & process improvement

DIFFERENTIATORS

- One accountable lead from scope to launch
- Agent build pipeline ships in weeks, not quarters
- Federal-grade test discipline on every release
- Active DoD Secret clearance (principal)
- Local to Hampton Roads and the Navy community

KEY PERSONNEL EXPERIENCE

- **NIWC Atlantic**
  Test lead for 14 Naval maintenance applications; 100+ releases validated a year
- **USAF SAF/CN, Pentagon**
  Program manager, Section 508 & Information Collection
- **Booz Allen Hamilton · CACI · HCLTech · Anthem**
  Enterprise and federal systems delivery
